He is a wonderful doctor . He always takes time to listen sympathetically , to reassure and to diagnose our various ailments accurately , and refer to the hospital consultants when necessary . We are so very grateful to Doctor Mitchell. Receptionists at the surgery are always very polite and helpful . When we have needed an urgent appointment we have always been fitted in the same day and haven't had to wait over long for non urgent appointments . Today I needed a blood test and the nurse was lovely and extremely skilled and I didn't feel any discomfort . We all feel very blessed that we have a brilliant doctor, second to none , and a surgery that always give us first class service .
